

This training is **free of charge** for **ANYONE** and **EVERYONE** working for a BID business in Worcester City Centre!

ACT Awareness Counter Terrorism Training

Wednesday 31st July 2019

We don't want to think about it, but terrorism remains a real threat in the UK, with 19 significant attacks being stopped in the last two years.

Two terror survivors are calling for businesses to educate their employees by completing Counter Terrorism training to help protect the UK from future attacks.

This ground-breaking training has been adopted by more than 3400 businesses nationwide, delivering the potentially life-saving information to nearly a quarter of a million people!

Worcester BID is pleased to be working alongside the West Midlands Region Counter Terrorism Unit offering a free one-hour training session with their Counter Terrorism Security Advisor.

Along with the session comes an interactive online course, offering those who complete it a nationally accredited commendation!

The online course consists of six primary modules designed to teach people about the terrorist threat to the public and how to mitigate it, such as spotting the signs of suspicious behaviour or how to react during a firearms or weapons attack.

This is a package that could save your life and positively change the way you react in an emergency situation so, **if you work in Worcester City Centre or run a business in Worcester City Centre, this FREE training is for you!**

For more information on how to book your place(s) on the above course, please contact Shelly Simpson on 01905 731612 or at shelly.simpson@worcesterbid.com
